DIBBERN FINE BONE CHINA

The first privately owned china factory was founded in Hohenberg/Bavaria in 1814.

DIBBERN re-opened the manufactory in 1997 and has since continued the centuries-old art of traditional china manufacturing, applying the highest possible standards.

The manufacture of DIBBERN Fine Bone China requires the highest artisanal standards and technical skills in ceramic production. The soft shimmer of our translucent and delicate Fine Bone China makes it one of the most enchanting fine chinas on the market, meeting the highest standards of quality and withstanding the demands of everyday use. The glaze of DIBBERN Fine Bone China is lead-free.

Finest caterers and hotels around the world appreciate the unique characteristics of DIBBERN Fine Bone China.

By deliberately applying a rather understated elegance, our product designers have managed to highlight the material's special features to its best advantage. Our products have received numerous awards for their trend-setting design. It is DIBBERN's philosophy to combine traditional arts and crafts with aesthetically appealing simplicity.

CARE INSTRUCTIONS

Dear Customer,

By choosing Dibbern Fine Bone China you have purchased an established first class product that is manufactured exclusively in our factory in Hohenberg, Germany. Dibbern Fine Bone China represents the ultimate achievement in pottery craftsmanship and technology. The clear, perennial design underlines the exclusiveness of the material. Transparent Fine Bone China has an extraordinary durability. The lead- and cadmiumfree glaze complies with the strict standards of the California Proposition in the United States FDA. Please see below for information when the products must carry a warning under California regulations.

Fine Bone China is dishwasher and microwave safe. (Handling of dishwasher and precious metal decors see below). You will be enjoying your Dibbern Fine Bone China for a long time if you follow the following points:

Set the water-softening system of your dishwasher to match **the water hardness** in your area.

After using the dishes, **acidic leftovers** should be removed as soon as possible by rinsing with water.

Don't overload the dishwasher. Please avoid using damaged and bent dishwasher baskets. To ensure a proper washing result the porcelain must be fully reached by the water jet. Avoid water temperatures above 95 ° F.

Use **mild detergents**. We recommend using a **powder detergent** and to dose the components detergent, salt and liquid rinse separately.

Use the right amount of detergent, salt and liquid rinse, depending on the water hardness in your area, to achieve best possible cleaning results. Using the wrong amount of detergent can have an adverse effect on the decor's vibrancy/surface in the long run. Overdosing of liquid rinse can leave marks on the chinaware. Run the rinse program on your (empty) dishwasher to remove excess liquid rinse after a refill. In addition, we recommend running the cleaning program (with dishwasher detergent) on your empty dishwasher occasionally, depending on the degree of soiling.

Should you discover a matt film or signs of metal abrasion in spite of following above precautionary instructions, such facile sediments can be removed with a detergent suitable for ceramic stove tops or a porcelain cleaning detergent.

Handling of dishwasher and precious metal decorations:

Platinum and gold decors are not suitable for microwaves. The metal reflects the waves and that will not only damage the decor but the microwave generator as well.

Gold decorations: Apart from the Golden Line and Goldfever(mat) series all Dibbern Fine Bone China gold decors are dishwasher safe.

All other decors are dishwasher and microwave safe.

SOLID COLOR is dishwasher and microwave safe. Please refer to the care instructions above.

GLASSWARE:

Crystal series CASINO, EXCELSIOR, MADISON and CHARLESTON: Hand-blown and hand-cut layered crystal: clear, coloured

Glass series CAPRI, ROTONDO, ROTONDO OPTIC, SOLID COLOR, AMERICANO, VENICE: Hand-blown coloured glass, dishwasher safe.

Glass series CIPRIANI, LIGHT, FINO, ODEON: Hand-blown glass, dishwasher safe.

WARNING: Consuming food or beverages that have been served on products or handling products which contain lead in the decoration or glaze will expose you to lead – a chemical known to the State of California to cause cancer, and which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.
